ITEM VII. Report in each column the number of pupils who were not promoted at the end of the last school term. Report only those pupils who were assigned to the same grade this school term as the last. Do not report those pupils who were promoted but are repeating a particular subject. If this school is entirely ungraded this question is to be omitted and enter "Not Applicable." If this school is partially ungraded, report the information for the graded portion. If no students were retained, enter "0".

ITEM VIII. Report the number of pupils in each of the grades 3, 6, 9, 12 and special education. If none of the grades 3, 6, 9 or 12 is offered, report the number of pupils in the lowest grade offered except pre-kindergarten and kindergarten, and name the grade. If this school is entirely ungraded this question is to be omitted. If this school is partially ungraded, report the information for the graded portion.

ITEM IX. **FULL-TIME** Professional Instructional Staff assigned to this school campus on a full-time basis: Please enter in the appropriate line and column the number of full-time professional instructional staff members assigned to this school campus on a **FULL-TIME** basis. These are the professional instructional staff members whose current assignments require their services at this school campus for the whole school day, every day. If there are no full-time professional instructional staff members in a category, enter "0" for the category.

"Professional Instructional Staff" includes: Classroom teachers; principals; assistant principals; and those staff members who are supervisors of instruction, curriculum consultants, school librarians, non-classroom teachers (homebound, etc.), audio-visual staff, T.V. teachers, guidance counselors, and school psychologists.

"Professional Instructional Staff" does NOT include: Chief administrative officer of the school system (superintendent); para-professional staff members (teacher's aides, student teachers, etc.); non-instructional staff members, such as attendance, business, financial, professional health personnel (doctors and nurses), school social workers, transportation, clerical, custodial, and food service personnel. Special education, art, and music teachers should be reported in one category or the other - not both.

LINE A. Classroom Teachers: Report the number of **FULL-TIME** classroom teachers. These are the professional staff members who instruct pupils in courses in classroom situations. Include art, music, band, physical education, and home economics teachers, etc., as classroom teachers if they teach full-time at this school campus. If the principal teaches at all, enter the principal as a teacher and not as a principal. The same applies to teaching assistant principals.

A.1. & A.2. Report each classroom teacher at the level that represents the teacher's major assignment. Use the local school system's definition of elementary and secondary. If a teacher has responsibility at both the elementary and secondary levels, report the teacher at one level only. Do **NOT** report the teacher as 1/2 elementary and 1/2 secondary.

A.3. **OTHER** applies to **FULL-TIME** classroom teachers who teach ungraded classes, special education, art, music, band, physical education, home economics, etc. who have **NOT** been included in the above A.1 and A.2.

A.4. Totals **MUST** include every full-time classroom teacher working at this school campus and must equal the sum of A.1, A.2, and A.3. If there are no classroom teachers, enter "0".

(INSTRUCTIONS CONTINUED OVER)

INSTRUCTIONS CONTINUED

ITEM IX. FULL-TIME Professional Instructional Staff (CONTINUED)

LINE B. The Non-Teaching Principal: **Enter, in the appropriate racial/ethnic category, the FULL-TIME** principal of this school **campus. If the principal teaches, or is principal of more than one school** campus, enter "0" on this line Count teaching principals only as classroom teachers in Line A above

LINE C. Non-Teaching Assistant Principals: Same as Item IX.B. above

LINE D. Other FULL-TIME Professional Instructional Staff. Enter, in the appropriate racial/ethnic category, the number of professional staff members who are supervisors of instruction, curriculum consultants, school librarians, non-classroom teachers (homebound, etc.), audio-visual staff. T.V. teachers, guidance counselors, and school psychologists assigned to this school campus on a full-time basis Do **NOT** include: Staff members who work at this school campus on a part-time basis, para-professional staff members, such as teacher's aides and student teachers, and non-instructional staff members, such as business, financial, professional health personnel (doctors and nurses), school social workers, transportation, clerical, custodial, food service, and attendance personnel.

LINE E. Enter the sum of IXA 4, B, C, and D for each of the six columns.

LINE F. Report the number of full-time professional instructional staff newly hired at this school campus between October 1, 1971 and September 30, 1972 Do **NOT** report staff who transferred to this school campus from another school within this school system. If there was no new full-time hiring, enter "0" on this line.

LINE G. Report the number of unfilled full-time professional instructional staff positions at this school campus as of the date this report is completed. If there is no vacancy, enter "0" in this box

ITEM X. **PART-TIME** Professional Instructional Staff members working less than full-time at this school campus. Do **NOT** report these individuals in ITEM IX above.

ITEM XI. Report the number of pupils currently in membership at this school campus who were transported at public expense to this school campus today. As with membership data, this question should be answered as of October 2, 1972, or the nearest possible date to October 2. Do not include field trips, trips to athletic events or other trips of a similar nature.

Include also pupils who are currently paying their own transportation expenses, but will be reimbursed from public expense funding. If there are no pupils bused, enter "0" in this box.

ITEM XII. Departmentalized instruction is the organization of instruction in such a manner that teachers specialize in one or two subject-matter areas and give instruction in these areas to several classes. English language arts refer to all courses in subject-matter areas such as language skills including reading, linguistics, literature, composition, speech and dramatic arts.

ITEM XIII. PUPIL ASSIGNMENT WITHIN SCHOOL: Answer question XIII A or B for grades 3, 6, 9, and 12 if taught at this school campus. If none of these grades is offered or if the school is partially ungraded, answer for the lowest grade offered except pre-kindergarten and kindergarten. If the pupils in a grade have departmentalized instruction in English language arts and also self-contained classroom instruction, answer only XIII B for that grade

Pupil classroom groupings vary depending on the number of sections involved by the subjects taught. The same pupils may be grouped into various combinations depending on the subjects they take. Some multiple counting of pupils may result in this particular item.

Report the entire section if that section has at least one pupil in the grade specified. For example, if there are five grade-three pupils in a section with 25 grade-four pupils, report all 30 pupils in that section. In this example mark "3 and 4" in Grade Level column.

If the school is totally ungraded, consider as a section each instructional grouping during the first half hour of the day and report all sections regardless of the subject matter. Report the number of pupils in each section (instructional grouping), separately. Enter "ungraded" in the Grade Level column and identify each section within the school by name or number.

The section name and/or identification number should be the name and/or identification used by this school to differentiate between instructional groupings (for example, English 9-a or Miss Jane Jones' Section).

If a school offers team-teaching modular units (such is the case of schools offering only special education and/or Pre-K and K), annotate as such under the appropriate section identification.

If classroom groupings vary from day to day or week to week, report for the classroom groupings that exist on October 2nd or on nearest possible date to October 2nd.

If additional space is required, continue on Form OS/CR 102-A Individual School Campus Report Continuation Sheet. Use as many continuation sheets as required and attach the sheets to this report. Enter in the space provided, the number of continuation sheets attached.

If additional continuation sheets are needed, contact:
